

Your Paper's Title for Submissions to JILCW2024 (14 Points, Centered)

Author Name,¹ Author Name,^{1,2} and Author Name^{3,*}

¹ *Affiliation, Department, University/Institution, City, Country*

² *Affiliation, Department, University/Institution, City, Country*

³ *Affiliation, Department, University/Institution, City, Country*

[Contact E-mail: abc@xx.xx]

The title should be typed using Times New Roman in 14 points, centered and boldfaced. After 1 line of blank, the author names should be listed with Times New Roman in 11 points, centered. The name of the presenting author should be underlined. The authors' list is followed by, after 1 blank line, his/her affiliations, consisting of institute, university (or company), city and country. Only one Contact E-mail address should be given, centered after 1 blank line within [square brackets].

The abstract text starts after 1 blank line. The main text should be typed using Times New Roman 11 points. There should be no blank line between paragraphs. Images can be inserted but the whole text must fit within one A4-page of this template.

Figure 1 Caption.

References in the text should be given with numbers within square brackets [1] in the text and the list of references should be given below the main text: See the example below. Each entry should contain author(s), the name of the journal in italics, the volume number in bold, the first page number, and the publication year within brackets.

Authors are encouraged to prepare figures in color. All the accepted abstracts will be electronically distributed.

The abstract should be submitted via abstract submission webpage <https://officepolaris.co.jp/entry/view.php?id=47630> by April 30, 2024 for oral presentation and by May 31, 2024 for poster presentation. The abstract file must be in font-embedded PDF without protection. The file size should not exceed 5MB. If you have any problems in the abstract submission, contact the JILCW2024 program committee [kimura@phys.kyushu-u.ac.jp].
