

### **Outstanding poster award “Premio Iride”**

The JILCW2024 conference will offer “Premio Iride” to outstanding poster presentations by young researchers (postdocs) and students to encourage their academic activities.

The judges appointed by the “Premio Iride” Committee will review and evaluate the posters according to the following criteria:

- Excellence and/or originality of the research
- Clarity in presentation including the poster layout
- Scientific knowledge in a discussion at the poster session

Remarks to the poster award applicants:

- Applicants must stand by their posters during the time scheduled for the poster session. During this time, attendees and judges will walk around and browse the posters they find interesting. Please keep in mind that your audience will possess diverse academic backgrounds and levels of training.
- Please be fully prepared to explain firstly your research outline (in less than 5 min.) and then to answer questions to allow the audience, including the judges, to listen to you and discuss your work.
- The “Premio Iride” Committee will decide the awardees on the basis of the results of the judges’ votes.
